Swanson & Co., Edson, Alta.; Jeffreys Cigar Store, Edson, Alta.

Readers of The Capital are requested to favor the management by reporting any irregularities in delivery.

JUDGE, PROSECUTOR  
AND WITNESS—THE R.N.W.M.P.

Probably in recognition of the fact that somebody had to say it, Senator Tom Davis of Prince Albert has at last brought to the attention of the government at Ottawa the anomaly perpetrated by the system in vogue in the outlying sections of the west, by which the mounted police officer in all the various capacities necessary to the administration of a so-called justice.

Whatever may be the good intentions of the mounted police as a whole, and whatever confidence the government at Ottawa may have had in that body when it inaugurated the system, it is certainly a wrong system under which the administration of justice has been carried out along the fringes these many years, and the great surprise is that a system so wrong has been allowed to exist so long without protest.

As Senator Davis points out, the system by which the mounted police share in fines taken from prisoners against whom the same mounted police are policemen, witnesses, judges, juries and prosecuting attorneys is simply a travesty upon justice and human nature is not strong enough to forever stand the strain which this system must put upon the members of the force. That they would be certain to abuse such a system sooner or later—if in no other way, then by the enthusiasm of their desire for a conviction—is as inevitable as the law of gravity.

What Senator Davis declares has happened at The Pas is what might have happened elsewhere under the same system. The privates, he says, scoop up the information the sergeants lay the charges and prosecute, the inspector either sits on the case or gives advice to some ex-mountain who acts as magistrate—a natural friend of the force—and the fines are split among the bunch, all according to law. The prisoner may get legal advice or not, according to the discretion of the police. And the evidence is what the police choose to admit. This is the system which has been in vogue in this country for years, and it is one against which almost everyone who has given the matter attention at all has filed a mental if not an oral protest.

The mounted force has traded very largely upon the good name which it has enjoyed as one of those magnificent institutions constituting a part of the bulwarks of empire, dedicated to the fearless and relentless enforcement of the law, but as a matter of fact pretty nearly everyone familiar with the real conditions realizes that the force no longer has the attractiveness which brought to its service the character of men it did a quarter of a century ago and that with the changed conditions the discretion which might, with apparent safety, have been entrusted to the force at that time may not be by any means safe today.

In fact, there is already a very wide-spread doubt in the minds of many familiar with Alberta conditions whether the time has not now arrived when the greatest usefulness of the mounted police has gone. They are picturesque, no doubt; but where the country is at all settled up they seem like a hold-over from a time when conditions were different.

At any rate, they should be entirely divorced from any magical powers and the system which makes members of the mounted force beneficiaries of fines taken from their prisoners should have been abolished long ago.

KEEPING THEM  
ON THE LAND.

Antent the gospel constantly preached by Hon. Duncan Marshall and given new expression before the Industrial Association yesterday, that the first business of a government should be to see that those who are on the land find it attractive enough to be worth while staying there, an interesting avenue for speculative thought is opened by the following statement of the agriculture in United States dealing with the question of tenant and freehold farmers.

According to these statistics it is shown that in the six richest states on the American union, Illinois, Iowa, Kansas, New York and Pennsylvania, the past generation has seen an increase of 121,167 in the number of farms in the hands of tenants, while the number of farms actually in the possession of and worked by owners in the same states in the same time has decreased by 62,915.

These are the states in which farming should be most attractive, as it is most remunerative. Except in New York and Pennsylvania, the first settlement does not reach more than two generations back. So that the younger generation, according to the statistics, are not staying on the land but are moving to the cities, taking the old folks with them and leaving the old homestead in the hands of a stranger on a rental basis.

What is due to happen to the productivity of the farm under these circumstances is patent to anyone acquainted with rural condition. The tenant has no such interest as the owner in maintaining its fertility. The farm runs down, the country suffers and the cost of living mounts higher.

If there is a moral lesson for Alberta in what is happening in these immensely wealthy agricultural states to the south and east, it is that the conditions of land tenure which permit this outcome in those states is the system which, essentially, is in vogue in Alberta.

It will profit Alberta little to give the homesteads away in fee simple and forever if the sons of those to whom they are given are due to use those very titles to establish a system of absentee landlordism which does not even protect the fertility of the soil, let alone the prosperity of the man who does the actual farming.

THE UNFORTUNATE FEATURE  
OF THE MEXICAN SITUATION.

That Huerta knew his Mexico better than President Wilson is made quite clear in the quick manner in which Carranza notifies the United States government that he considers the investment of Vera Cruz as an act of hostility toward Mexico as a country.

This is undoubtedly what Huerta counted upon, and the situation out of which he evidently hoped to renew his grip on the country, and it was to create this situation that Huerta levelled the insults against the United States soldiers.

United States may, and probably will, be compelled to invade Mexico; but under the circumstances it is difficult to see how the present could have acted otherwise than in the manner he did. Had he hesitated about taking cognizance of the deliberate insults it is scarcely likely that Huerta would have stopped there. His next move in all probability, would have been assassination of Americans or some other such act sufficiently overt that it could not be overlooked.

The unfortunate feature of the present situation, looking at it from a humanitarian point of view, is that Villa and Carranza do not see in the intervention by United States the opportunity to get constitutional government for Mexico. United States has long since folded Huerta what he must do—abdicate and make room for an elected government—and this, according to Villa and Carranza, is all they are fighting for. Intervention by United States leads in the same direction.

## THE EDMONTON DAILY CAPITAL,

## CORRESPONDENCE.

(The publishers of the Edmonton Capital feel it necessary to explain that they do not publish any of the views in letters sent to the editor. Letters will not be printed unless name and address are given for publication.)

## RE NEGLECTED CHILDREN

To the editor of the Capital:—In your paper of Monday date you give an article by this official superintendent of neglected children in which he refers to one of Canada's serious problems, that of the neglect of the defective children. What does he really mean?

Where is God's name is so called medical science talking us to?

Is a real child, born in the corner of Mac street and First street has a moto on one of the windows.

(There is always a reason.) What? The child is not wanted? Some of the money spent on trying to eliminate the cause would be more Christian and certainly nearer the purpose.

If the superintendent, must have poor opinion of Canada's Medical Science and Canada Christian power of Influence.

This seems on a par with the charity of a certain church advertising. They are going to erect homes for fallen girls.

Yes, put a tag on their backs and erect monuments to a nation's disgrace.

T. ALEXANDER  
153 May street, April 22.

WILL MAKE LIFE  
MORE PLEASANT

Metropolitans of Edmonton  
Again Shown by Establish-  
ment of Cabaret.

DANCING AND ORCHESTRA  
FROM 8 TO 12 NIGHTLY

No Liquor Served—Otherwise  
Like Houses Which Made  
Broadway Famous,

Edmonton's elite will, beginning to-morrow, have an opportunity of driving away dull care and mailing their unemployed evening enjoyment as they did yesterday.

The city's first cabaret is to open tomorrow evening in the store formerly occupied by the Neophryne confectionery, in the Coruson hotel block, Jasper avenue west, between Sixth and Seventh streets.

J. Kelly, formerly well known in San Francisco and other cities on the Pacific coast, who stated at the King Edward hotel yesterday that he would endeavor to have Edmonton the finest in this line in Canada.

Most elaborate decorations and equipment have been put in and the orchestra will play every evening. An orchestra will play every evening from 8 to 12 o'clock, when

FOR ECZEMAS  
AND RASHESCUTICURA SOAP  
AND OINTMENT

The itching, burning, suffering and loss of sleep caused by eczemas, rashes and irritations of the skin and scalp are at once relieved and permanent skin health restored in most cases by warm baths with Cuticura Soap followed by gentle application of Cuticura Ointment.

Cuticura Soap and Ointment are sold throughout the world. A liberal sample of each, with 25-cent soap, sent post paid, to the manufacturer, Cuticura Soap Co., Dept. 128, Boston, U. S. A.

The  
ONLY WAY  
To Stop  
DRINKING

The irresistible craving desire which drives drunkards mad and ultimately wrecks their physical, mental and spiritual health can be removed by the Neal Treatment in 3 days without the use of hypnotic injections. Act at once and investigate the Neal Treatment. It is a safe, sure vegetable remedy. Call or write.

NEAL INSTITUTE  
820 13th Ave., W. Phone W. 4525  
CALGARY

I USE "TIZ" FOR  
SORE, TIRED FEET

"TIZ" for puffed-up, aching, sweaty, calloused feet and corns.

Good-bye sore feet, burning feet, avaril feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, calloused bunions and rancid spirit. No more skin tightening, no more blisters, no more drawing up your face in agony. "TIZ" is magical, acts right off.

"TIZ" draws out all the poisonous excretions while putting the feet off to help the doctor. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless.

Good-bye sore feet of "TIZ" now at any drugstore or department store. Don't suffer, have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

dancing will be going on. Lunches, ice cream and other dainties will be served all the time.

For carts of admission to fraternal and society meetings and dances are invited to attend tomorrow, opening night, and thereafter take advantage of the splendid dancing floor and the dancing.

"I have traveled all over the west in search of a good city in which to start a first-class cabaret," said Mr. Kelly. "Edmonton is the place. I am at once the most popular place in the city. This must become. If it is not already, the one great metropolis between Vancouver and the Pacific, and between the two cities, which are not usually seen except in large centers, I do not think I am much ahead of the time in putting one here, considering the many thousand people who absolutely must be entertained here. It will be my ambition to place Edmonton on a par with the large centers of the east and the coast in the catering field, and I am sure that the public will be pleased to have "TIZ" here. An hour will be served or sold in this cabaret, as it is in none other cities."

J. COLLINS, WELL  
KNOWN HERE, LOST

Is Man That Makes Life Worth  
Living Morning After  
Night Before,

## BELL BOY NOT ACQUAINTED

Hotel Manager, However, Locates and Introduces Him to Crowd.

"Mr. John Collins; John Collins; Mr. Collins."

The large crowd of guests sitting in the lobby of the Selkirk hotel looked around for John Collins to turn up yesterday afternoon, when a bell boy passed by.

Everybody wished to see him with the thirst-quenching name—the man that more thousands here and pray for every morning of the year than all the doctors and dentists and generals, presidents and leaders put together.

But nobody budged. The bell "hop" went through the dining room and back again, but no Collins turned up.

And still no Collins. The guest who had asked for him, the boy forgot for a few minutes to tell the guest that Collins had just stepped out, or was not regular, or was not known.

After dinner and coffee the boy suddenly remembered about Mr. Collins. He was a new boy in a "hop's" capacity and remained near the room of the manager, who was named Collins, wondering what he should do. No one seemed to know anything about the mysterious person.

As the boy who originally came from Merle, England, sailed upstairs he met his man coming down.

"Why don't you bring me that Collins?" asked the latter, as he licked his lips. "I'm awfully hungry."

"Why, I palied 'em an' I can't find 'em. don't y'know?"

"Dinner's late," said the bell boy, "but the manager bought a Collie for everyone and is laughing yet. But that bell boy now has a vague idea of who John Collins is."

Boddy lay in the River.

Winnipeg, April 20.—A man found in the Assinibine river at Pigeon Lake, 26 miles west of this city, has been identified as William Hobbs, of Bristol, England, who had been in this country for 10 years. Hobbs had received \$400 for his premium, supposing he had a farm comprising one quarter section, of \$45.00.

Mr. Hobbs, a member of the municipality of Pigeon Lake, had been missing for a week. His body was found floating in the river, attached to a cable, he fell into the river and was drowned. The body remained 60 miles and remained in the river until a few days ago.

P. A. Stanwood, dead in New York, discovered how to make paper from wood fiber.

HAIL INSURANCE TO  
COST 5 1/2 CENTS PER  
ACRE IN ALBERTA

A rate of five and a half cents per acre has been fixed by the provincial hail insurance board to cover the operations of the board under the Municipal Hail Insurance act this year. The indemnity for total loss is to be \$6 per acre. The farmer who is insured out completely will have to pay \$100 for his premium, supposing he has a farm comprising one quarter section, of \$45.00.

Mr. Hobbs, a member of the municipality of Pigeon Lake, had received \$400 for his premium, supposing he had a farm comprising one quarter section, of \$45.00.

PANTAGES HEADLINER  
SAYS MOVING PICTURE  
ACTING TOO STRENUEOUS

Daisy Harcourt, the well-known English comedienne who comes to Pantages next week as an added feature of his grand variety program, came into the world at the age of 18 months, when she was carried as a baby in that melodrama so dear to the hearts of the English working girl.

The girl, who until now has been a headliner in the leading vaudeville circuits of this country. To quote her own words, "I have tried every kind of thinking part where one doesn't spend a line, where I have gloried in seeing my name in the electric signs along the main streets of cities, but there is one thing that I have never attempted, and never will, and that is moving pictures. It certainly looks too strenuous for me, since I have put on considerable flesh in the last few years and I cannot imagine myself climbing a steep hill, falling on my face, then getting up, and then going to my hotel. None of this plowing through mud holes and climbing mountains. I prefer to what ever I can to add to the gaiety of the nation, on a perfectly solid stage."

"THE ROSARY" WELL PRESENTED AT THE EMPIRE THEATER

The production of "The Rosary" at the Empire has, right from a fairly sized audience, and those who witnessed the play, so full of human interest, were one and all well pleased with the production. The piece was in capable hands and the actress, found on an emulsion of purity, was beautifully told.

The company is the same that played at the Empire last week, and were possibly seen to better advantage in

The Rosary than in the Biblical play. In the role of Father Kelly, Frank Irene could not be improved upon. He is lovable enough, and strong enough to fill the bill admirably. James Byrd as Bruce Winton, the young millionaire stock broker, plays the part well and Grace Johnson, as Vera Winton, his wife, is one of the best characters in the piece. She also takes the part of Alice Marsh, his own twin sister.

Agnes Marshall as Lorraine Watkins, the maid, is a picture. She is not at all droll to be sure, but is ably assisted in the joy making by "Sheeter" Martin, a reformed "pug," and Charley Harrington, the too much money and too much "love" for his own good.

The role of Kathleen O'Connor, Father Kelly's niece, was ably handled by Mabel McLean. Carrie Aspinwall, who appears as Kenneth Wright, is well suited to the roll of "the serpent in the garden of Eden" as Father Kelly's twin.

At the end of the company make the most of the piece and the audience last night took kindly to it. "The Rosary" is at the Empire for the balance of the week.

## WILL RECOGNIZE "SMOKEY'S" FEATS

D. P. McDonald, Who Rode High-class Jumper, to Get Souvenir.

AFTER WEATHER MAN  
Exhibition Association Busy  
Arranging for Big Summer Fair.

That Smokey's record breaking feats in the high jumper classes at the recent horse show should not be permitted to pass without special recognition, was the opinion of the directors of the Edmonton Exhibition association who, in their annual meeting, in a clavé assembly they decided to present a gold medal to D. P. McDonald as a souvenir of Smokey's remarkable performance.

More important matters in connection with the association and the coming exhibition were brought forward for consideration. Not appreciating the efforts of the weather man as represented by last year's weather, the association will request the city to provide a sprinkler to keep the race track and roads in nice condition, and will make a more comprehensive demand that if it cannot do better in the past, it may take a holiday during the coming exhibition week.

The "Silent Death," a gripping story of unusual plot and set in the magical scene of central American, seen splendidly, is announced by the Empire management as the feature on its program for today and tomorrow.

In brief, the plot of the famous play

is as follows:

In the days of romance, when fortune and glory were carved out by the sword, the heart of a proud and haughty house, walking among the old ancestral chambers, dreams of his gallant forbears and their daring deeds past, inspired by the loftiness and the atmosphere of nobility and bravado in which he has been reared, Basil falls for love and adventure. At the moment of his coming of age, his aged uncle, the head of his house, dies, and makes Basil swear, by the sword, that he will always uphold the name of Jennico, and to avenge the death of his uncle, and master of the broad acres of the Duchy of Lautzis, but titles, estates and splendor do not compensate for the absence of

Princess Ottile, a beautiful, whimsical maiden, is urged by her guardian, the Earl of Dornheim, to marry Prince Eugen, a worthless rogue, who had been known to be the cause of swamp fever. His life was saved by Tolda, an Indian girl, for whom Prince Eugen had once done a great service.

Prince Eugen, however, was not

so easily to be swayed, and when his heart had been won over to the princess, he gave up his swindling ways and turned to a life of honest labor.

Permission was granted the Edmonton Exhibition association to make a matinee on the exhibition grounds on a Wednesday afternoon, April 29.

A committee was unanimously appointed by the city council to appoint three more directors, and the constitution will be amended to that effect.

Plans for the erection of new buildings at the exhibition grounds were submitted.

As these buildings are urgently needed for this summer's exhibition, a request will be forwarded to the commissionership that the new buildings be erected for commencing work on same at the earliest possible moment.

The Dominion Kennel club for this year, the dog show will be conducted by the association instead of under the auspices of the Kennel club in the past.

A request was unanimously carried making the city council to appoint three more directors, and the constitution will be amended to that effect.

Plans for the erection of new buildings at the exhibition grounds were submitted.

As these buildings are urgently needed for this summer's exhibition, a request will be forwarded to the commissionership that the new buildings be erected for commencing work on same at the earliest possible moment.

HAD INDIGESTION.  
Almost Despaired of Ever  
Getting Well.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unmatriculated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. No wonder then that Indigestion and Dyspepsia attack the system. No medicine is so sure as Zinc and Blood Bitters as a cure for this particular disease. Zinc stimulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health to the system.

Mrs. Mary MacLean Hunter's Mountain, N.W., writes: — "I was troubled

with Indigestion for more than ten years. I tried every kind of medicine, but nothing would cure me, but all without success.

Having heard of the many cures effected by Burdock Bitters, I decided to give it a trial. After taking it for a week, I was greatly relieved. My appetite which was very poor, is now good, and I can eat most everything without any disagreeable sensations. I am now recovering B.B. to my eyes suffering from Indigestion."

## EDSON ON THE WAY TO PROSPERITY SAYS ITS EDITOR

Western Town Is Recovering From Effects of Injudicious Speculation.

### LOCAL FARMERS HAVE STRONG ORGANIZATION

Stone Quarries Being Opened Up and Local Improvements Made.

Having passed through the pioneer stage and the incipient "metropolis" stage in which it suffered from injudicious speculation, persons interested in it have settled down on the quiet road to peaceful prosperity, according to J. S. Shajan, editor of the Western Leader, the Edson weekly newspaper, and formerly a member of the Winnipeg Free Press staff. Business is as good in Edson as any town of its size, says Mr. Shajan, "and the town does not look with favor on anything but legitimate development." An oil well is on the point of being completed and will be put back to farm land. This will materially help the town in financial operations by reducing the discrepancy between tree assessment and the present.

#### Edson Farmers Organize

A strong farmers' association has recently been organized with a membership of 1,000. It is interested in the development of farming in the district and assistance will be given to homesteaders in advising them what crops are suitable for the district, etc. There is a strong move-

#### Children Cry FOR FLETCHER'S CASTORIA

### IF BACKACHE OR KIDNEYS BOTHER

Eat less meat also take glass of Salts Before eating breakfast.

The acid in meat excites the kidneys, they become overworked; get sluggish, aches and little lumps of heat. You can't sleep, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys don't work, they fill them full of useless urinosis, which will be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, headache, dizziness, stomach pains, insomnia and as you feel muscle twinges when the weather is bad.

Eat less meat, drink lots of water; also eat more plain vegetables. For one glass of Jel Salts take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is a kidney tonic, it is a kidney and lemon juice, combined with lithia, and has been used for generations to cleanse clogged kidneys and stimulate them to normal activity, also to neutralize urinosis in uremia, so Jel Salts is a source of irritation, thus reducing bladder weakness.

Jel Salts is inexpensive, cannot injure kidneys, it is a delightful effervescent, effervescent drink which everyone should take now and then to keep the kidneys clean and active. Druggists everywhere say they sell lots of Jel Salts to those who believe in overcooking kidney trouble, while it is only trouble.

### Every Woman Knows That

instead of sallow skin and face blemishes she ought to possess the clear complexion and the beauty of nature and good health. Any woman afflicted or suffering at times from headache, backache, nervousness, languor and depression of spirits—ought to try

### BEECHAM'S PILLS

the safest, surest, most convenient and most economical remedy known. Beecham's Pills remove impurities, insure better digestion, refreshing sleep, and have an excellent general tonic effect upon the whole body system. They have a wonderful power to improve the general health, while by purifying the blood, Beecham's Pills clear the skin and nerves.

#### Improve The Complexion

Sold everywhere. In boxes, 25 cents. No woman should fail to read the valuable directions with every box.

### "Nerviline" Cures Cramps End Misery Instantly

#### NO REMEDY SO SPEEDY OR EFFICIENT.

A real cramp cure? Yes, a real one—a twinging the cramps in a dead end, and the last sound in a cramp, is a stiff dose of Nerviline on the inside.

This isn't mere talk—it's a solid truthful fact. No other remedy—not even a doctor's can cure cramps so quickly and harmlessly. Nerviline hits the spot in a jiffy and saves a heap of misery.

"Nerviline is a medical machine," writes T. P. Grainger from Hartford. "I was awakened from a sound sleep and found myself suffering the worst kind of torture. It was so bad that I could hardly catch my breath. I had used Nerviline before for the same thing and took a real good dose. Once I felt the warm, soothng sensation of Nerviline in my system I knew I was all right. It finished the cramps just one single dose."

Sickness at night is a misery, a real misery, and the best aid at this time is a stiff dose of Nerviline. It may be headache, toothache or cramps. Nerviline in every case will cure at once and save calling the doctor. Nerviline is a family physician. The cramps in a small size bottle, of course, is most economical. Small trial size costs a quarter. All dealers sell Nerviline.

ment on foot for the construction of a road between Edson and the Shining Bank. This district, therefore, is a proper agricultural community.

The quarrying of sandstone in the district promises to become an important local industry, inside the last two years the export of sandstone will be produced from two quarries, one of which is already being opened.

An oil expert is also engaged in mapping out surveys in the area. Some of the oil wells in the neighborhood show strong indications of oil. "I hope there will be no extraordinary boasting of the district, if oil is found," said Mr. Shajan. Edson has a small oil lease that it desires for the present.

#### Local Improvement

Twenty-five thousand dollars will be spent on the main street improvements this year. It has been approved for a waterworks to cost \$50,000, for a sewerage system to cost \$50,000 and for an electric light plant to cost \$40,000. Some of the work will be undertaken this year, but arrangements are now being made for the sale of debentures in Montreal.

The police have succeeded in restoring law to the town, and the community after the departure of the undesirable characters who were living on the earnings of the railroad construction men. Mr. Shajan believes Edson has a good future.

#### LIBERALS VOTE FOR FREE WHEAT AND IMPLEMENTS

Sir Wilfrid Laurier Makes Plea for Reduced Cost of Living.

**GEN. SIR J. HAMILTON IS NOW IN FAVOR OF COMPULSORY SERVICE**

London, April 24.—Gen. Sir Jan Hamilton, as a result of an inspection of the Australian forces, has become a strong advocate of compulsory service. He said yesterday, "I think that the system is good for a nation whether for a moral or physical purpose." He had inspected fifty thousand men in Australia and said, "I will be recalled that Sir Jan Hamilton, in 1911, published his now famous article, 'Compulsory Service in Australia.' In it he defined the Australian force, Lord Kitchener, who drew up the Australian defense scheme, is also an advocate for national service.

**MEMBERS OF ALBERTA LEGISLATURE IN TAX ACCIDENT; UNINJURED**

A serious accident was narrowly averted yesterday, when a taxicab, one of the passengers of which were Ted Gunn and W. J. Puffett, M.P.P., turned over, causing the passengers to fall, and was nearly overturned as it was about to turn on to Fifteenth street off Jasper Avenue. The two legislators were on their way to the Legislature, and when the accident happened, the car was in the northwest part of the city and received a severe shaking up, although neither were seriously harmed, according to Dr. J. D. Harrison, who was called and examined them. The car was badly damaged.

Drowned Watering Horses.

Six-year-old son of R. G. Barstow, a farmer six miles from Warman, was drowned on Wednesday while watering the horses through the edge of the well, causing it to precipitate him into the water.

**For Women's Ailments**

Dr. Martel's Female Pills have been the standard for 21 years and for 40 years recommended by all physicians. Accept no other. At all druggists.

### "COSSACKS" OF THE NEW YORK POLICE ROUT I.W.W.'S.

### GUARANTEED RELIEF FROM ALL BOWEL ILLS

If your bowels are out of order, instead of using some harsh salt or other physic take a Royal Ordinal tonight, and tomorrow you will feel great. They taste good and act so easily that there isn't a particle of griping or purging, nor the excessive looseness that follows the taking of salts and salts. They soothe and quiet the bowels, promptly relieving the constipation, making it unlikely to occur again.

We don't believe there is any other bowel medicine anywhere near as good, and in the same price, so it is pleasant to take as Royal Ordinal.

We know you will agree with us and believe you will thank us for telling you about this. It is a great satisfaction in every way, come back to us and we will give back your money without a word or question. You have the opportunity as we hereby do, to try them at our risk. In vest pocket tin boxes, 10c, 25c, 50c.

You can buy Royal Ordinal only at The Royal Drug Stores, and in this town only.

A. Archibald, Druggist, 313 Jasper East.

### DAN MARSH STILL ELUDS EFFORTS OF POLICE PURSUERS

Sir Wilfrid Laurier Makes Plea for Reduced Cost of Living.

#### REMOVE TAXATION WITHOUT INJUSTICE

Dr. Michael Clark Says Finance Minister Has Squandered Funds.

No word has been received by the mounted police as to the whereabouts of Dan Marsh, the insane man who escaped from the Wakamun police some time ago. When he was last seen, the superintendent, Wraggton, stated that all the clues the police had received had led to nothing. For eight days he had been wandering about day and night and now, they are completely worn out. The superintendent stated that he would have a couple of men stationed in the vicinity of the place where the man was last seen, to watch the area and to see if he could allow the man to escape.

Speaker do not leave the chain, but I hope that he resolved that the house in

the opinion that, in view of the present economic condition, taxation should be reduced to a minimum.

#### New Taxe Police Chief.

Nelson Hat, April 24.—Police Sergeant Adam Campbell has been appointed chief of police of Tabor, Alta.

Joseph O'Carroll and told him no parade could be continued without a permit. O'Carroll protested in a fiery oratory, which ended in a shout, and charged a crowd at full speed and caused the rioters to disappear in a most miraculous manner. Twelve arrests were made, but many more heads were cracked.

#### Truck Gardening on Prairie.

Winnipeg, April 24.—A 100-acre experimental farm, owned by the Dauphin Experimental Station, arrived in the city last night from a visit to the experimental farms in the west. He comments on the possibilities for truck gardening on the prairies and also on

the cost of raising.

police, who waded in slashing right and left with their sticks. They were represented by a few officers, who charged a crowd at full speed and caused the rioters to disappear in a most miraculous manner. Twelve arrests were made, but many more heads were cracked.

#### To Build Big Plant.

McLean Hat, April 24.—G. Hunt and associates, of Walla Walla, Wash., yesterday signed a contract with the town of Dauphin to build a big plant for the manufacture of threshing machines, feed grinders and other farm implements.

There are no expensive preparations; no time lost; use only your leisure hours; sit in your easy chair and read.

### Take This Trip Almost Free

There are no expensive preparations; no time lost; use only your leisure hours; sit in your easy chair and read.

### Panama and the Canal in Picture and Prose

This book first takes you in through the front door of Panama—through the islands along the way, describing the natives in picture and prose; thence you are taken to the isthmus and are shown the wonders of that unknown country—the people, their strange costumes, their peculiar characteristics; how they live

—how certain natives eat lizards and hugely enjoy them—how they fish and hunt; their sports and pastimes; marketing bananas, shooting alligators, burning charcoal, All.

there is to know, all about these queer people, and more than has ever been told of the great waterways—from the whys and wherefores of its inception to the ins and outs of its construction—and on through to its completion—in all a beautiful human interest story that will charm the reader to the very last page.

#### It is a Rare Treat for Everybody

### The CAPITAL

presents this book to its readers on the popular plan explained in the Panama Certificate printed daily in these columns.

#### Cut Out the Panama Certificate

and present at this office with the expense amount of \$1.20 for the \$4 volume, or 50 cents for the \$2 volume (which covers the items of the cost of packing, express from the factory, checking, clerk hire, and other necessary EXPENSES items), and receive your choice of these books:

#### The Large Volume

is printed from new type, large and clear, splendidly bound, with inlaid panel showing the famous Cebu Cut in natural colors, and filled with magnificent illustrations, many of which are from water color studies in artistic colorings.

#### The Small Volume

contains practically the same reading matter; is bound in blue velvet cloth, but contains only 100 photographic reproductions, and the color plates are omitted. Willis J. Abbott, America's most versatile writer, is the author of both books.

### MAIL ORDERS FILLED AS EXPLAINED IN THE CERTIFICATE PRINTED ON PAGE 2 OF THIS ISSUE

## "Y" GYMNASTIC DISPLAY SATURDAY WILL BE UNIQUE EVENT FOR CITY

Afternoon and Evening Performance at Empire Auditorium Tomorrow—150 Men and Boys Will Participate—14 Gymnastic Events of Interest and Excitement—Tickets on Sale at Y.M.C.A.

Nearly 150 performers will take part in the grand gymnastic exhibition to be given in the Empire Auditorium Saturday afternoon and evening. The performers are young men and boys, members of the Y.M.C.A. gymnastic and the lengthy program that they will provide for the public will be of interest to both interested and instructive, inasmuch as it gives the athletes and gymnasts an opportunity to show what degree of physical development they have attained and it will give the mothers and brothers and sisters of those taking part an opportunity to note the benefits derived from gymnastic exercises. The program has been put together in the execution of all kinds of gymnastic events, athletic dances and gymnastic events of all kinds.

A very small percentage of the public are aware of the fact that really the physical side of Y.M.C.A. life, and few are aware that there are many men in the Y.M.C.A. who will take part in the program tomorrow who can execute many difficult stunts on the high bar, etc., equally as well as the average gymnast on the vaulting horse, the parallel bars, etc., week after week. The program, which will be given both afternoon and evening consists of tumbling, high bar, pyramid building, blindfold box, the various events, feats of strength, exhibition blind and broad jumps by Canadian champion, club swinging, dumbbell drill, etc.

Following is a list of the men and boys who will take part in the display:

Men—M. Bennett, E. Minkley, Tourtellot, Newson, Hartree, J. H. Gurney, M. L. Lupton, Kennedy, Glaude, Watson, Degear, F. H. Ward, McLean, McLean, M. L. McLean, Hamilton, King, Emerson, Hiller, Newman, Parsons, Bartlett, Ritchie, H. Stilich, Skitch, Blades, McCay, McLean, Fisher, E. Burchard, Newlands, Stevenson, T. Parker, Jones, Donard, York, Hanlebury, Pierc, C. Butchard, McPhatire, D. Edwards, Jones, Neilson, Nix, F. H. Ward, Fawcett, J. M. McLean, O'Keefe, J. H. Brown, T. McCauley, Stidler, Lowry, Armstrong, D. Smith, Blegh, McDermit, Morris, Denehey, O. Bentley, C. Anderson, C. Smith, Field, S. Jones, McLean, J. M. McLean, C. McLean, J. H. Brown, W. Butchard, W. Armstrong, Martin, Keathy, H. Edwards, Kirkpatrick, Lupton, Gardner, Leonard, Stevenson, H. Gowan, H. Witehead, Hutton, Clark, McPhatire, Basil Quirk, Pringle, Hostyn, Rankin.

It is a certainty that lacrosse at present is too slow in center field and the game that would make it faster should be welcomed by the league magnates.

They are still making strenuous efforts to get back the British Columbia team, and the players do not take any Westminister players they may be granted a franchise.

The Toronto Lacrosse league will meet next week and President Dundas expects to have about thirty clubs in line in the different series.

The Young Torontonians will not make application to the N.L.U. for a franchise, but will continue in the O.A.L. They have decided to play with the so-called amateur-professional circuit in the East.

Markham, Aurora, Newmarket and a Toronto team would make a tidy little intermediate district in the O.A.L. The battles between the Markham and Newmarket should be copious, as the rivalry is always keen between these two burghs.

Harry Munton is working with might and main to put Ottawa back on the lacrosse map, and he is confident that he will be successful in his efforts. The mind of Munton is never at ease, and at that he needed is to secure the proper backing. He does not anticipate any difficulty in securing players. There are many good stick men living at the capital and the majority of them have promised to turn out if he makes it worth their while. He will not know for a week or so where he stands in the matter, but at the present time he is full of hope.

Munton, who is a first-class home player himself, figures that there are about eight good players in Ottawa and that there are all indications get in the game again. With proper management Ottawa should be one of the best towns in the circuit.

The Irish-Canadian field at Montreal last year was the ideal spot to stage a lacrosse game. No matter how one-sided the game was, the game was a success, and the Indians have not yet made up their minds about the innovation.

The Indians probably will not be the "Big Four" will decide to shorten up the field and play ten men side with the Indians at the annual meeting. The Irish-Canadians favor the new move, while the Torontos and Tecumsehs have not yet made up their minds about the rest.

Cornwall were always a good team at home, but the trouble in the old days of the N.L.U. was that they did not send a good team for their out-of-town engagements, especially in Toronto, where they fell down badly in 1910 and 1911.

Mutt and Jeff Will Have a Good Time While the Coin Lasts

You've got to hand it to the boys for class while the money holds out.

Of course you may think the boys are a trifle foolish with their change but on the other hand suppose they should die tomorrow, what good is the coin? And besides there is no one care less.

## 'SCONA LACROSSE PRACTICE TONIGHT SOUTH SIDE GROUNDS

The Stratford lacrosse club will hold a practice at the south side of the grandstand tonight at 7 o'clock, and a large turn-out is expected. The south side club is the first in the city to shape up like a real team and have a lively looking lot of players. They held their first practice last Wednesday evening when over 30 players were in uniform. The regular practice nights are Monday, Wednesday, and Friday of each week. This Stratford club is looking for a good record here for the 25th with the Calgary, Adams lacrosse club. A meeting will be held after tonight's practice.

## Our National Game

The Labrador Lacrosse Association in the west is likely to produce a team that will make a trip after the Mann Cup. They have organized a school league which has eight clubs.

Victoria are still making strenuous efforts to get back the British Columbia team, and the players do not take any Westminister players they may be granted a franchise.

The Toronto Lacrosse league will meet next week and President Dundas expects to have about thirty clubs in line in the different series.

The Young Torontonians will not make application to the N.L.U. for a franchise, but will continue in the O.A.L. They have decided to play with the so-called amateur-professional circuit in the East.

Markham, Aurora, Newmarket and a Toronto team would make a tidy little intermediate district in the O.A.L. The battles between the Markham and Newmarket should be copious, as the rivalry is always keen between these two burghs.

Harry Munton is working with might and main to put Ottawa back on the lacrosse map, and he is confident that he will be successful in his efforts. The mind of Munton is never at ease, and at that he needed is to secure the proper backing. He does not anticipate any difficulty in securing players. There are many good stick men living at the capital and the majority of them have promised to turn out if he makes it worth their while. Munton, who is a first-class home player himself, figures that there are about eight good players in Ottawa and that there are all indications get in the game again. With proper management Ottawa should be one of the best towns in the circuit.

The Irish-Canadian field at Montreal last year was the ideal spot to stage a lacrosse game. No matter how one-sided the game was, the game was a success, and the Indians have not yet made up their minds about the rest.

Cornwall were always a good team at home, but the trouble in the old days of the N.L.U. was that they did not send a good team for their out-of-town engagements, especially in Toronto, where they fell down badly in 1910 and 1911.

## "RED" JACK MURRAY

## WYE ROAD TENNIS CLUB PREDICT BUSY SEASON; NEW COURTS

The Stratford tennis club, south side, will hold their opening date on Saturday, April 25. The members have secured a lease on a property upon which they are now busily engaged building a set of centre courts, which will be available to any in the city. The club has had a marked increase in membership this year and predict a most successful season. A tennis tournament is being arranged with the Highland Park Tennis club for their opening day, May 2. Other sports and games will be held by the club on that day as well.

The following officers have been appointed:

President—B. Stewart  
Vice-president—Miss Inket  
Secretary-treasurer—H. Stevenson  
Executive Committee—Messrs. Symington, Evers, Miss Gardner, Miss Court Superintendent—Scout-Master Baldwin  
Club Correspondent—W. Birch

Willie Hoppe—skew Record

New York, April 24—Willie Hoppe, world's balk line billiard champion

established a new record run of 303 defeating George F. Sllosion, 400 to 256

the last night of the 14.1 balk line

championship at this new style of game.

In the other match Calvin Demarest

of Chicago outplayed the Japanese expert

Yamada all the way, winning in 23 innings; 409 to 256.

Quebec's chances of getting into the big time are not good, but the team, involving another team, may be found to make a six-club league. At present it looks as if Cornwall had the call to make the sextette complete.

With the Toronto strengthening up for the summer, the Canadian and the National champions all in line,

and the Nationals, who looked like the best team in the league last September, it is about time that Tecumseh were beginning to round up a little more material.

## HANGER FOR SPRING RACE MEET HERALDS MAY'S GREATEST EVENTS

Edmonton's Premier Racing Event Bids Fair to Excel all Past Performances—May 23 to 26 Are Dates Set—\$5.00 in Purse—Eighteen Events.

As coming events cast their shadow before, the first indication of the Spring Race Meet now greets the public in the form of a striking banner, with Capt. Stewart occupying a prominent position. The two horses from the Wheat City Stables, Edmonton, are depicted in the new grounds in the lower right hand corner, with Capt. Stewart occupying a prominent position. The two horses from the Wheat City Stables, Edmonton, are depicted in the new grounds in the lower right hand corner, with Capt. Stewart occupying a prominent position.

The Exhibition Association have adopted this policy of encouraging home industry, by having all its advertising matter of this kind presented to Capt. Stewart, who is a great credit to Edmonton's printing branch.

The official motto of the association is "Growth and gold form an effective background for the layout of scenes typical of Edmonton race meets."

The centre motif is familiar to everybody, yet it is one which never fails to catch the eye—the wide expanse showing the ring and race track, with the stock pavilion and sheds in the background.

In the upper left hand corner, "Daybreak," the horse owned by Jos. McGuire, reigns supreme. It will be remembered that "Daybreak" made a record of 21.2 feet on the Edmonton track, and a number of other records.

In the upper right hand corner, "Bullseye," the horse owned by Capt. Stewart, gets out there yesterday, by a score of 4 to 3. Score—4 to 3.

## DEAL INVOLVING \$205,000 BEEN CLOSED IN CITY

New Gibson Block on Jasper and Shubert Farm Changes Hands

P. M. SHUBERT NOW OWNER  
CITY'S BIG "FLATIRON"

Biggest Transaction in Years  
Shows Financial Stringency  
Not Here.

Any fear that Edmonton is in the midst of a real estate slump and financial stringency was dispelled yesterday when it became known that a deal involving \$205,000 had been closed by the Haiger Realty Company, 101 C.P.R. building.

The deal involves the sale of the Gibson block at the corner of Jasper and D.C. railway this week was one which indicates probably more strikingly than any other the rapid progress that is being made in the development of the city. The purchasers of the big block are P. M. Shubert and company, real estate men of the city, who are known to have been in the market for some time, and the purchase price is \$205,000. The transaction was put through by the Haiger Realty Co.

Wm. Gibson, who built the Gibson block one year ago at a cost of nearly \$100,000, after selling the block yesterday, turned around and purchased the Shubert farm, the consideration being \$80,000. The Haiger company closed this deal also. Thus were closed two big deals in only a day, and it is the opinion of the city's leading real estate men that these two sales are the result of the fact that Edmonton at the present time is enjoying more than usual

prosperity, considering financial conditions.

The Shubert farm, located in the Oliver bar district is perhaps the finest farm in Alberta today. It is indeed a model farm and possesses all the advantages of a modern city home. A large modern house and barn house is located on the premises and hot water heating is used throughout. Telephone, electric light, laundry, tube furnace, water and all other conveniences are in use in these buildings. A beautiful big barn and a hog pen 68 x 104 feet with hot and cold water running, carpet floors, electric light and other conveniences are in use in these buildings. The farm consists of 400 acres and is all improved. A large gasoline power plant is installed for lighting and heating purposes and for the pumping of water.

The farm is stocked with thoroughbred horses and pasture, cattle and hogs. It is a Gibson's intention to increase the numbers of these and otherwise improve an already model farm. Mr. Shubert will move his office from the city and make the new block and is to be congratulated upon the purchase of one of Edmonton's finest store and apartment buildings.

LOCAL JOURNALIST  
STARTS NEWSPAPER  
IN "FARTHEST NORTH"

Among the many interesting items appearing over the line of the E.D. and D.C. railway this week was one which indicates probably more strikingly than any other the rapid progress that is being made in the development of the city. The newspaper is an up-to-date

newspaper plan which goes to Peace River Crossing to print the "Farthest North" Alberta newspaper, to be known as "The Northern Star."

Wm. Gibson, who built the Gibson block one year ago at a cost of nearly \$100,000, after selling the block yesterday, turned around and purchased the Shubert farm, the consideration being \$80,000. The Haiger company closed this deal also. Thus were closed two big deals in only a day, and it is the opinion of the city's leading real estate men that these two sales are the result of the fact that Edmonton at the present time is enjoying more than usual

western spirit.

### POLICE COURT

Peter Hopchunek was found wandering  
about the lanes of the city this  
morning about 5:30. He was noticed by Constable W. Sanderson, who stopped  
to investigate what brought Peter out  
so early in the morning. No getting  
very satisfactory reply to his ques-  
tions he decided to arrest the man  
and took him to the station. Peter was  
charged with being a vagrant. When asked by  
the magistrate what he was doing in  
the lane at that hour he replied that  
he had no work and nothing to do.  
He was asked to bring his bag and  
the garbage cans for any stray bit of food that  
might be there. "I give you both  
work to do," stated the magistrate.  
This, the day he was arrested.

William Autrey and William Sand-  
erson arrested a few days ago, charged  
with stealing a razor. The magistrate  
decided to let the case go because  
there was not enough evidence, which, however, did  
not please Autrey, who decided to take  
the law into his own hands. When he  
met Sanderson he started to swear  
him into the mud, and when Sanderson  
this morning when they were each  
fined five dollars and costs for creating  
a disturbance on the streets.

The man was arrested this morning  
when a charge of vagrancy was read  
to Joseph Brobbs. As the man gave  
no name, the constable asked him  
what he was doing there. He replied,  
"I was asked to bring my bag and  
the garbage cans for any stray bit of food that  
might be there." "I give you both  
work to do," stated the magistrate.

William Autrey and William Sand-  
erson arrested a few days ago, charged  
with stealing a razor. The magistrate  
decided to let the case go because  
there was not enough evidence, which, however, did  
not please Autrey, who decided to take  
the law into his own hands. When he  
met Sanderson he started to swear  
him into the mud, and when Sanderson  
this morning when they were each  
fined five dollars and costs for creating  
a disturbance on the streets.

William Autrey pleaded guilty to a  
charge of vagrancy but stated as an  
excuse that he was unable to work  
as he was disabled in the arm. This  
did not save Autrey from 30 days' hard  
labor, however.

The morality department was very  
busy this morning, having been called  
between men and women on charges of being  
found in a bawdy house. The cases  
are being taken up this afternoon.

Street Railway Department  
April 24, 1914.  
Maximum number of cars in service  
April 23, 56.  
Passengers carried April 22, 41,442.

Interruptions  
Route No. 4—At 9:18 a.m., car No. 54 was delayed seven minutes at Nor-  
wood boulevard having repairs done.

At 10:15 a.m., car No. 21 was delayed  
six minutes at First street and  
Sutherland having been in collision  
with an auto.

Suspension  
Take your car to a garage in  
destination. In fairness to the sub-  
urbanites we ask you to do this and  
save yourself and others unpleasant  
overcrowding.

DEAL INVOLVING  
\$205,000 BEEN  
CLOSED IN CITY

New Gibson Block on Jasper  
and Shubert Farm  
Changes Hands

P. M. SHUBERT NOW OWNER  
CITY'S BIG "FLATIRON"

Biggest Transaction in Years  
Shows Financial Stringency  
Not Here.

Any fear that Edmonton is in the

midst of a real estate slump is

entirely unfounded, as the

deal which it is known that

a deal worth \$205,000 had been closed

by the Hager Realty Company, 310 C.

R. B. building.

The deal involves the sale of Ed-

monton's Gibson building, the Gibson

block at the corner of Jasper

and 106 street and the Shubert

farm ten acres east of the city.

The price of the big block, Mr.

Shubert and company real estate

brokers on 11th Avenue, the purchase

price being \$155,000.

The transaction was put through by the Hager

Realty Company, to be known as the

Prance River River.

The plant

includes one of the most modern

machinery of its kind, and the

block yesterday afternoon sold

the Shubert farm, the consider-

ation being \$80,000.

The Hager

company closed this deal also.

They were closed to big deals, one

of the fact that Edmonton at the pre-

sent time is enjoying more than usual

prosperity, considering financial con-

ditions.

The Shubert farm, located in the

Clover Bluff district is perhaps the

finest farm in Alberta.

It is indeed a model farm and possesses all

the advantages of a modern city home.

A beautiful 12 roomed fully modern house

is located on the premises and hot

water heating is all thought out.

Telephone, electric light, standard

tub make towards the convenience of the

occupants.

A beautiful big barn and

a cold water tank, with hot and cold

water, for lighting and heating purposes

are in use in these buildings.

The farm consists of 400 acres and is all

improved.

A large gasoline power

plant is installed for lighting and

heating purposes and for pumping

water.

The farm is situated with

thoroughbred cattle and hogs, and it is

Mr. Gibson's intention

to increase the numbers of these and

otherwise improve an already model

farm.

Mr. Shubert will have his

farm from the time he takes over the

new block and is to be congratulated upon

the purchase of one of Edmonton's

finest store and apartment buildings.
